Notice

Please Note: The material contained in this report in the form of information or representations submitted by third parties to the Service Provider (some of which is provided on a periodic basis with the result that some reports may not include recently filed or registered information) and we accept no responsibility for the content or accuracy of such material nor do we make any representations by virtue of the Content, the Site or the Services in respect of the guaranteed availability of any services.

The Irish and UK Vehicle Check services do not relate to, contain information on or purport to comment on:

- 1 the physical condition of any vehicle;
- 2 the roadworthiness or safety of any vehicle;
- 3 whether or not a vehicle has been "written off", unless such vehicle was reported to the Department of Transport as a write off or written off by an insurance company and such information has been provided to the Service Provider by such insurance company;
- 4 whether a vehicle or any of its components have been altered or replaced, unless notification of same has been provided to an insurance company or other body which provides information to us; or
- 5 whether or not a vehicle has been 'clocked', a description of such will not be in a report; or
- 6 whether any vehicle is a "clone" bearing a false vehicle registration mark and vehicle identification number.

Accordingly, in addition to all other aspects, you must satisfy yourself in respect of the above mentioned aspects of any vehicle(s) you intend to or in fact purchase.

Any part of the Services should be used by you as a tool to assist you in buying (or not buying) a particular vehicle. The final decision will always rest with you and the Service Provider does not make any warranties or representations in respect of any information, report or statement generated by the Site or the Services.

Thank you for being a valued customer. We are grateful for your continued support for the Only Fully Irish Owned Vehicle Data Provider.
